Abstract

TODO: my abstract (to be done at the end of the report)

Declaration

No portion of the work referred to in this report has been submitted in support of an application for another degree or qualification of this or any other university or other institute of learning.

Copyright

- i. The author of this report (including any appendices and/or schedules to this report) owns certain copyright or related rights in it (the “Copyright”) and s/he has given The University of Manchester certain rights to use such Copyright, including for administrative purposes.
- ii. Copies of this report, either in full or in extracts and whether in hard or electronic copy, may be made **only** in accordance with the Copyright, Designs and Patents Act 1988 (as amended) and regulations issued under it or, where appropriate, in accordance with licensing agreements which the University has from time to time. This page must form part of any such copies made.
- iii. The ownership of certain Copyright, patents, designs, trade marks and other intellectual property (the “Intellectual Property”) and any reproductions of copyright works in the report, for example graphs and tables (“Reproductions”), which may be described in this report, may not be owned by the author and may be owned by third parties. Such Intellectual Property and Reproductions cannot and must not be made available for use without the prior written permission of the owner(s) of the relevant Intellectual Property and/or Reproductions.
- iv. Further information on the conditions under which disclosure, publication and commercialisation of this report, the Copyright and any Intellectual Property and/or Reproductions described in it may take place is available in the University IP Policy (see <http://documents.manchester.ac.uk/DocuInfo.aspx?DocID=24420>), in any relevant Thesis restriction declarations deposited in the University Library, The University Library’s regulations (see <http://www.library.manchester.ac.uk/about/regulations/>) and in The University’s policy on presentation of Theses

Acknowledgements

I would like to express my sincere gratitude to my supervisor, Dr. Aphrodite Galata, for her invaluable guidance, support, and advice throughout this project.

I am also grateful to Kunj Dhola and Selim Sayed for their collaboration and contributions to the project.

Finally, I would like to thank my family and friends for their continued encouragement and support throughout my studies.

Chapter 1

Introduction

1.1 Motivation

1.2 Aims and Objectives

1.3 Report Structure

Chapter 2

Background

2.1 Overview

2.2 Related Work

Chapter 3

Methodology

3.1 Approach

3.2 Design

3.3 Implementation

Chapter 4

Results

4.1 Experimental Setup

4.2 Findings

Chapter 5

Evaluation

5.1 Analysis

5.2 Discussion

5.3 Limitations

Chapter 6

Conclusion

6.1 Summary

6.2 Future Work
